DEDICATED EXPERTISE TO INSPIRE INNOVATION

Today's ingredient-savvy consumers are more discerning about the personal care products they use. Their overwhelming desire to practice self-care and live healthier lives continues to propel market demand for cleaner, more sustainable, and higher-performing products that produce real results.

Brands and formulators looking to stay ahead of the competition need smarter ingredients backed by science using advanced ingredient technology to develop next generation formulations that engage consumers.

The Coast Southwest anti-aging team understands consumer preferences and formulators' challenges to address them. We consider every aspect of the global anti-aging market and every source of supply. We back up our marketing flair with supporting data and innovation to unlock the full potential of active ingredients, offering the most sophisticated anti-aging ingredient portfolio in the industry.

Our expertise makes us uniquely qualified to deliver new applications for ingredients, advanced technology from new suppliers, and creative concepts to satisfy existing and future consumer desires. Working closely with the Coast Southwest applications laboratory, we are dedicated solely to imagining and developing exciting ingredient ideas and formulations to offer customized solutions tailored to our customers' specific needs.

Our devotion to partnerships with suppliers and customers is why Coast Southwest has become the right choice for so many personal care chemists and product managers.

OVER THREE DECADES OF PERSONALIZED SERVICE

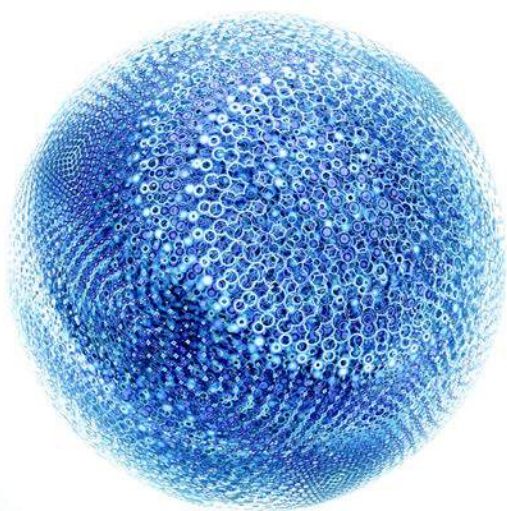

Coast Southwest has nearly 40 years of experience fostering real partnerships—introducing our customers to new ingredient technology that can create exciting, innovative products. Our collaborative approach uniquely positions us to provide unparalleled value to our customers in the personal care industry. From our suppliers, through our people, our culture, and into the products you create, we work every day—for you.

◆ INFINITEC

Infinitec, based in Barcelona, Spain, specializes in innovative delivery system technology. Infinitec offers the most effective systems to make actives function at the highest capacity and deliver the absolute best results. These ingredients are the right solution for formulation challenges, from capsules specifically developed for sensitive skin to semi-occlusive systems, and from luxurious particles to the most advanced, targeted delivery system in cosmetics.

THE COSMETIC DRONE® TARGETED DELIVERY SYSTEM

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
X50 Antiaging	Powder: Lactic Acid/Glycolic Acid Copolymer (and) Polyvinyl Alcohol (and) Copper Palmitoyl Heptapeptide-14 (and) Heptapeptide-15 Palmitate Solution: Water (and) Xanthan Gum (and) Lactic Acid/Glycolic Acid Copolymer (and) Polyvinyl Alcohol (and) Copper Palmitoyl Heptapeptide-14 (and) Heptapeptide-15 Palmitate Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Glycerin (and) Glyceryl Caprylate (and) Phenylpropanol	Powder, Solution	Powder: 0.001% Solution: 1%	Powder: 1 g Solution: 1 kg	Anti-wrinkle, anti-aging, premature aging, eye contouring, stimulates collagen and elastin synthesis
X50 Hyalufiller	Powder: Lactic Acid/Glycolic Acid Copolymer (and) Palmitoyl Tetrapeptide-50 (and) Polyvinyl Alcohol (and) Heptapeptide-15 Palmitate Solution: Water (and) Xanthan Gum (and) Lactic Acid/Glycolic Acid Copolymer (and) Palmitoyl Tetrapeptide-50 (and) Polyvinyl Alcohol (and) Heptapeptide-15 Palmitate Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Glycerin (and) Glyceryl Caprylate (and) Phenylpropanol	Powder, Solution	Powder: 0.001% Solution: 1%	Powder: 1 g Solution: 1 kg	Wrinkle-filling effect, stimulates the expression of hyaluronic acid, increases elastin synthesis

The Cosmetic Drone® is a revolutionary delivery system that targets specific cells and releases active ingredients where needed. This technology provides high efficacy with low doses for maximum results.

THE COSMETIC DRONE® TARGETED DELIVERY SYSTEM — CONTINUED

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
X50 Myocept	<p>Powder: Lactic Acid/Glycolic Acid Copolymer (and) Palmitoyl Hexapeptide-52 (and) Polyvinyl Alcohol (and) Palmitoyl Heptapeptide-18</p> <p>Solution: Water (and) Xanthan Gum (and) Lactic Acid/Glycolic Acid Copolymer (and) Palmitoyl Hexapeptide-52 (and) Polyvinyl Alcohol (and) Palmitoyl Heptapeptide-18</p> <p>Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Glycerin (and) Glyceryl Caprylate (and) Phenylpropanol</p>	Powder, Solution	Powder: 0.001% Solution: 1%	Powder: 1 g Solution: 1 kg	Anti-wrinkle for deep expression lines, eye contouring
X50 Photoglow	<p>Powder: Lactic Acid/Glycolic Acid Copolymer (and) Chlorella Vulgaris (Algae) Extract (and) Polyvinyl Alcohol (and) Heptapeptide-15 Palmitate</p> <p>Solution: Water (and) Xanthan Gum (and) Lactic Acid/Glycolic Acid Copolymer (and) Chlorella Vulgaris (Alga) Extract (and) Polyvinyl Alcohol (and) Heptapeptide-15 Palmitate</p> <p>Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Glycerin (and) Glyceryl Caprylate (and) Phenylpropanol</p>	Powder, Solution	Powder: 0.001% Solution: 1%	Powder: 1 g Solution: 1 kg	Transforms light energy into cellular energy for radiance, glow, and luminance
X50 Pure White	<p>Powder: Lactic Acid/Glycolic Acid Copolymer (and) Palmitoyl SH-Octapeptide-24 Amide (and) Polyvinyl Alcohol (and) Palmitoyl SH-Tripeptide-5 Norisoleucyl SH-Nonapeptide-1</p> <p>Solution: Water (and) Xanthan Gum (and) Lactic Acid/Glycolic Acid Copolymer (and) Palmitoyl SH-Octapeptide-24 Amide (and) Polyvinyl Alcohol (and) Palmitoyl SH-Tripeptide-5 Norisoleucyl SH-Nonapeptide-1</p> <p>Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Glycerin (and) Glyceryl Caprylate (and) Phenylpropanol</p>	Powder, Solution	Powder: 0.001% Solution: 1%	Powder: 1 g Solution: 1 kg	Lightens and brightens dark spots and hyperpigmentation, evens skin tone
X50 Silhouette	<p>Powder: Cocoloba Uvifera Fruit Extract (and) Lactic Acid/Glycolic Acid Copolymer (and) Polyvinyl Alcohol (and) Acetyl Cyclohexapeptide-34</p> <p>Solution: Water (and) Xanthan Gum (and) Cocoloba Uvifera Fruit Extract (and) Lactic Acid/Glycolic Acid Copolymer (and) Polyvinyl Alcohol (and) Acetyl Cyclohexapeptide-34</p> <p>Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Glycerin (and) Glyceryl Caprylate (and) Phenylpropanol</p>	Powder, Solution	Powder: 0.001% Solution: 1%	Powder: 1 g Solution: 1 kg	Anti-cellulite, firming, and slimming, maximizes fat-burn lipolysis, minimizes lipids storage
X50 Skin Barrier	<p>Powder: Lactic Acid/Glycolic Acid Copolymer (and) Polyvinyl Alcohol (and) Palmitoyl Heptapeptide-27 (and) Palmitoyl Oligopeptide-78 (and) Palmitoyl Octapeptide-24</p> <p>Solution: Water (and) Xanthan Gum (and) Lactic Acid/Glycolic Acid Copolymer (and) Polyvinyl Alcohol (and) Palmitoyl Heptapeptide-27 (and) Palmitoyl Oligopeptide-78 (and) Palmitoyl Octapeptide-24</p> <p>Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Glycerin (and) Glyceryl Caprylate (and) Phenylpropanol</p>	Powder, Solution	Powder: 0.001% Solution: 1%	Powder: 1 g Solution: 1 kg	Restores and repairs the skin barrier function, regulates skin homeostasis and improves hydration

TROJAN® TECHNOLOGY TARGETED DELIVERY SYSTEM

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Trojan® Q10	Maltodextrin (and) Lactic Acid/Glycolic Acid Copolymer (and) Polyvinyl Alcohol (and) Ubiquinone (and) D-Arginyl Tyrosinyl Ornithinyl Phenylalanine (and) Pentapeptide-4	Powder	0.5 - 1.5%	1 kg	Dual delivery to fibroblast and mitochondria, antioxidant, anti-wrinkle, anti-aging, elasticity, firming, eye contouring, premature aging

MVP LUXURY PREMIUM PARTICLES

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Golden C®	Water (and) Sorbitol (and) Xanthan Gum (and) Ascorbic Acid (and) Colloidal Gold (and) Glutathione Additives: Propanediol (and) 1,2 Hexanediol (and) Caprylyl Glycol	Solution	0.3 - 0.5%	1 kg	Delivers pure ascorbic acid to the skin, increases antioxidant levels, protects against free radicals, boosts collagen synthesis, helps create a brightening effect
MatriGold	Water (and) Xanthan Gum (and) Sodium Citrate (and) Palmitoyl Pentapeptide-4 (and) Colloidal Gold Additives: Propanediol (and) 1,2 Hexanediol (and) Caprylyl Glycol	Solution	0.3 - 0.5%	1 kg	Anti-aging, anti-wrinkle, elasticity, firming, eye contouring
MVP Diamond Sirt	Powder: Maltodextrin (and) Acetyl SH-Pentapeptide-35 (and) Diamond Powder Solution: Water (and) Xanthan Gum (and) Acetyl SH-Pentapeptide-35 (and) Diamond Powder Additives: Benzyl Alcohol (and) Glyceryl Caprylate (and) Benzoic Acid (and) Propanediol	Powder, Solution	0.15 - 0.30%	1 kg	Anti-aging, anti-premature aging, antioxidant, stimulates the synthesis of SIRT1, protects skin cells against UV-induced ROS, inhibits DNA degradation
MVP Golden Collagenine	Powder: Maltodextrin (and) Acetyl Heptapeptide-9 (and) Colloidal Gold Solution: Water (and) Xanthan Gum (and) Acetyl Heptapeptide-9 (and) Colloidal Gold Additives: Benzyl Alcohol (and) Glyceryl Caprylate (and) Benzoic Acid (and) Propanediol	Powder, Solution	0.15 - 0.30%	1 kg	Anti-wrinkle, anti-aging, eye contouring, increases type I and type III collagen synthesis
MVP Platinum MatrixEM	Powder: Maltodextrin (and) Acetyl Tetrapeptide-17 (and) Colloidal Platinum Solution: Water (and) Xanthan Gum (and) Acetyl Tetrapeptide-17 (and) Colloidal Platinum Additives: Benzyl Alcohol (and) Glyceryl Caprylate (and) Benzoic Acid (and) Propanediol	Powder, Solution	0.15 - 0.30%	1 kg	Anti-wrinkle, anti-aging, elasticity, eye contouring, stimulates fibrogenesis, increases type I and type III collagen synthesis
MVP Sapphire Lift	Powder: Maltodextrin (and) Synthetic Sapphire (and) Glutathione (and) Palmitoyl Tripeptide-28 Solution: Water (and) Xanthan Gum (and) Synthetic Sapphire (and) Glutathione (and) Palmitoyl Tripeptide-28 Additives: Benzyl Alcohol (and) Glyceryl Caprylate (and) Benzoic Acid (and) Propanediol	Powder, Solution	0.15 - 0.30%	1 kg	Firming, lifting, elasticity, stimulates the synthesis of collagen, elastin and other ECM proteins, powerful antioxidant effect

PHYTOSTECOL ADVANCED LIPID TECHNOLOGY

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
PhytosteCol	Water (and) Glycerin (and) Lecithin (and) Beta-sitosterol (and) Xanthan Gum (and) Ascorbyl Palmitate Additives: Gluconolactone (and) Sodium Benzoate (and) Potassium Sorbate (and) Tetrasodium Glutamate Diacetate	Solution	2%	1 kg	Plant-based sterols in a capsule that mimic cholesterol functions in cells, helps to restore optimal cholesterol level in skin, restores skin barrier function and hydration level

eCAPSULES® LIPID CAPSULES NLC

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
CBD Oil Balance for Skin and Scalp	Water (and) Glycerin (and) Chlorella Vulgaris Powder (and) Vitis Vinifera (Grape) Seed Oil (and) Lecithin (and) Theobroma Cacao (Cocoa) Seed Butter (and) Ascophyllum Nodosum Extract (and) Xanthan Gum (and) Tocopherol Additives: Benzyl Alcohol (and) Glyceryl Caprylate (and) Glyceryl Undecylenate	Solution	2%	5 kg	Oil-control for skin and scalp, ideal for acne-prone skin, inflamed skin using eCapsules® delivery technology which improves CBD stability, skin penetration and bioavailability

WAX CAPSULES LIPID CARRIERS NLC

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
VitAlease 3 (BHT/BHA Free)	Water (and) Copernicia Cerifera Cera (and) Glycerin (and) Propanediol (and) Retinol (and) Polysorbate-20 (and) Helianthus Annuus Seed Oil (and) Disodium Cocoamphodiacetate (and) Tocopherol (and) Xanthan Gum (and) Ethyl Ferulate (and) Humulus Lupulus Extract Additives: 1,2 – Hexanediol (and) Caprylyl Glycol	Solution	1 - 14%	1 kg	3% Retinol encapsulated in natural carnauba wax that enhances stability, skin penetration and bioavailability
VitAlease 7	Water (and) Copernicia Cerifera Cera (and) Retinol (and) Glycerin (and) Propanediol (and) Sodium Cocoamphoacetate (and) Tocopheryl Acetate (and) BHT (and) BHA (and) Xanthan Gum Additives: 1,2 – Hexanediol (and) Caprylyl Glycol	Solution	1 - 14%	1 kg	7% Retinol encapsulated in natural carnauba wax that enables high-load retinol use-level claims (with maximum entrapment efficiency), excellent stability over 12 weeks, and enhanced skin penetration and bioavailability
VitAlease 7E (BHT/BHA Free)	Water (and) Copernicia Cerifera Cera, Retinol (and) Polysorbate-20 (and) Glycerin, Propanediol (and) Disodium Cocoamphoacetate (and) Helianthus Annuus Seed Oil (and) Tocopherol (and) Xanthan Gum (and) Ethyl Ferulate (and) Humulus Lupulus Extract Additives: 1,2 – Hexanediol (and) Caprylyl Glycol	Solution	1 - 14%	1 kg	7% Retinol encapsulated in natural carnauba wax that enables high-load retinol use-level claims (with maximum entrapment efficiency), excellent stability over 12 weeks, and enhanced skin penetration and bioavailability

ACTIVYS® ADVANCED LIPID TECHNOLOGY

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Activys® Anti-Glycation	Water (and) Glycerin (and) Propanediol (and) Sorbitol Phosphatidylcholine (and) Docosahexaenoic Acid (and) Xanthan Gum (and) Eicosapentaenoic Acid (and) Aspergillus Ferment (and) Tocopheryl Acetate Additives: 1,2 – Hexanediol (and) Caprylyl Glycol	Solution	0.5 - 1.0%	1 kg	Reduces accumulation of AGE bound to collagen, reduces AGE formation and rejuvenates skin, increases the expression of antioxidant genes, inhibits DNA methylation, ideal for sensitive skin
Activys® Anti-Pollution	Water (and) Glycerin (and) Propanediol (and) Sorbitol (and) Phosphatidylcholine (and) Docosahexaenoic Acid (and) Eicosapentaenoic Acid (and) Xanthan Gum (and) Ascorphyllum Nodosum Extract (and) Aspergillus Ferment (and) Pseudanabaena Galeata Extract (and) Tocopheryl Acetate (and) Spirulina Platensis Powder Additives: 1,2 – Hexanediol (and) Glyceryl Caprylate	Solution	0.5 - 1.0%	1 kg	Inhibits DNA methylation, reduces oxidative stress, protects from UVB, reduces heavy metal content, increases the level of skin antioxidants, reduces redness and inflammation, ideal for sensitive skin
Activys® RedOut	Water (and) Caprylic/Capric Triglyceride (and) Glycerin (and) Sorbitol (and) Propanediol (and) Phosphatidylcholine (and) Docosahexaenoic Acid (and) Pinus Pinaster Bark Extract (and) Xanthan Gum (and) Eicosapentaenoic Acid (and) Tocopheryl Acetate (and) Phytosphingosine (and) Curcuma Longa (Tumeric) Root Extract Additives: Ethylhexylglycerin (and) Tetrasodium Glutamate Diacetate	Solution	2%	1 kg	Anti-redness, anti-inflammatory, reinforces skin barrier function, ideal for atopic-prone condition and skin hypersensitivity

ULTRA THIN MOLECULAR FILMS

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
UTMF Ceramide III	Cyclopentasiloxane (and) Caprylic/Capric Triglyceride (and) Dimethiconol (and) Lecithin (and) Phytosphingosine Additives: Phenoxyethanol	Solution	2 - 15%	5 kg	Reinforces the natural lipidic barrier in aged skin, provides immediate and long-lasting hydration effect on skin, repairs and protects damaged hair from external insults
UTMF Retinol	Cyclopentasiloxane (and) Caprylic/Capric Triglyceride (and) Dimethiconol (and) Glycine Soja Oil (and) Lecithin (and) Retinol Additives: Phenoxyethanol (and) BHT	Solution	2 - 15%	1 kg	Enhances cutaneous absorption of retinol, improves the growth of skin cells and ensures maintenance and function of skin

LIPOSOMES ADVANCED LIPID TECHNOLOGY

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
3D Hydra APS	Water (and) Glycerin (and) Sorbitol (and) Lecithin (and) Xanthan Gum (and) Oleic Acid (and) C.I. 77491 (Iron Oxide) Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Disodium EDTA (and) Glyceryl Caprylate	Solution	2 - 10%	1 kg	Delivers water to the deepest layers of skin, higher filaggrins activity, sustained hydration and lower TEWL, skin barrier protection
LPD Lightening	Water (and) Glycerin (and) Sorbitol (and) Lecithin (and) Sodium Ascorbyl Phosphate (and) Xanthan Gum Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Disodium EDTA (and) Glyceryl Caprylate	Solution	3 - 5%	5 kg	Encapsulated SAP, increases complexion radiance, and anti-oxidant levels, stimulates collagen synthesis
LPD Multivitamin	Water (and) Glycerin (and) Sorbitol (and) Lecithin (and) Tocopheryl Acetate (and) Glyceryl Linoleate (and) Glyceryl Linolenate (and) Retinyl Palmitate (and) Sodium Ascorbyl Phosphate (and) Xanthan Gum Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Disodium EDTA (and) Glyceryl Caprylate	Solution	3 - 5%	5 kg	Liposome delivery, vitamin complex, antioxidant, anti-wrinkle, regulates collagen synthesis, helps keratinization, regenerates cells, protects DNA
LPD Slimming	Water (and) Glycerin (and) Sorbitol (and) Laminaria Digitata Extract (and) Hedera Helix (Ivy) Leaf Extract (and) Lecithin (and) Propylene Glycol (and) Caffeine (and) Xanthan Gum Additives: Phenoxyethanol (and) Capryl Glycol (and) Disodium EDTA (and) Glyceryl Caprylate	Solution	2 - 5%	5 kg	Encapsulates caffeine, brown algae and ivy extract, anti-cellulitis, slimming effect

SHUTTLES SILICA MICRO-SPONGE 2-IN-1 DELIVERY SYSTEM

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Aqua Shuttle	Water (and) Glycerin (and) Sorbitol (and) Laminaria Digitata Extract (and) Lecithin (and) Xanthan Gum (and) Diatomaceous Earth Additives: Phenoxyethanol (and) Capryl Glycol (and) Disodium EDTA (and) Glyceryl Caprylate	Solution	2 - 8%	1 kg	Aqueous phase technology (APT), dual-delivery system, short and long-lasting moisturizing effect, avoids water loss, keeps skin hydrated
Regen Plus	Water (and) Glycerin (and) Lecithin (and) Xanthan Gum (and) Glycine Soja Extract (and) Algae Extract (and) Diatomaceous Earth Additives: Phenoxyethanol (and) Caprylyl Glycol (and) Disodium EDTA (and) Glyceryl Caprylate (and) Phenylpropanol	Solution	2 - 5%	1 kg	Encapsulated soy isoflavones for effective and long-lasting hydration, high anti-oxidant activity, ideal for mature skin

NOSILFIX DELIVERY SYSTEM FOR HAIR

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Nosilfix Antifrizz	Water (and) Chondrus Crispus Extract (and) Glycerin (and) Llycerin (and) Lecithin (and) Aloe Barbadosensis Leaf Juice (and) Xanthan Gum (and) Diatomaceous Earth Additives: Gluconolactone (and) Sodium Benzoate (and) Potassium Sorbate (and) Tetrasodium Glutamate Diacetate	Solution	1.5%	1 kg	Repair, hydration, and anti-frizz effect in a natural, unique, novel hair delivery system, heat protection, silicone-free

♦ NATURETHIC

Naturethic, based in Barcelona, Spain, is focused on innovation in green ingredient technology that includes bio-based specialties and ferments for cosmetic wellness solutions.

FERMENTATION

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Anti-pollution Ferment	Glycerin (and) Pichia Ferment Lysate Filtrate (and) Bacopa Monnieri Extract (and) Lapsana Communis Flower/Leaf/Stem Extract (and) Moringa Oleifera Seed Extract	Solution	0.5%	1 kg	Derived from yeast fermentation that increases antioxidant levels in skin, reduces heavy metal levels and protects skin against particulate matter
Healerine	Water (and) Ganoderma Lucidum Extract (and) Glycerin (and) Propanediol (and) Xanthan Gum Additives: 1,2-Hexanediol (and) Caprylyl Glycol	Solution	1%	1 kg	Derived from reishi mushroom, speeds up natural epidermal regeneration, improves skin integrity, increases optimum moisturizing levels in skin
PH4 Natural Lifting Ferment	Glycerin (and) Pichia Ferment Lysate Filtrate	Solution	0.5%	5 kg	Stimulates collagen and elastin synthesis, promotes healthy cell turnover, increases the content of ATP in fibroblasts, induces cell protection against UVB irradiation

Healerine is a ferment obtained from Reishi mushroom fermentation. It speeds up natural epidermal regeneration, improves skin integrity, and increases optimum moisturizing levels in skin.

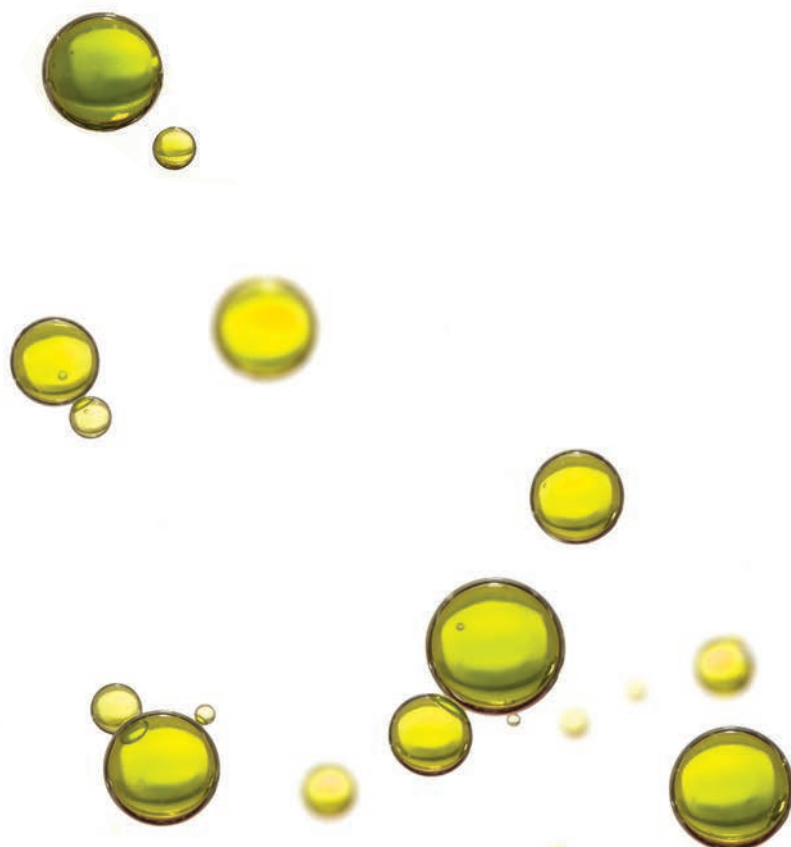

♦ GLYACID®

GlyAcid® is the global benchmark for high-purity glycolic acid. Specialty chemical producer CrossChem's state of the art process delivers a personal care ingredient that is consistent with today's clean chemistry tenets. Produced through a proprietary saponification technology that does not use formaldehyde, GlyAcid® delivers the same glycolic acid molecule currently used in personal care products across the globe, minus impurities. Formulators can replace the glycolic acid they are now using with a more pure ingredient.

HIGH-PURITY GLYCOLIC ACID

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
GlyAcid® 70HP	Glycolic Acid	Solution	1.0 - 15%	55.115 lb	Facial masks, peels, cleansers, exfoliating products, serums, creams, lotions, toners, acne treatments, haircare, scalp treatments and nail care
GlyAcid® 99HP	Glycolic Acid	Crystalline	1.0 - 15%	44.092 lb	Facial masks, peels, cleansers, exfoliating products, serums, creams, lotions, toners, acne treatments, haircare, scalp treatments and nail care

GlyAcid® was specifically created for the personal care industry and does not use formaldehyde in the process.

◆ ENDIMOIST®

The EndiMoist® line offers a variety of high-purity sodium hyaluronate products in powder and solution, with different molecular weights for diverse performance and application needs. Sodium hyaluronate has a smaller molecular size than hyaluronic acid, which makes it especially easy to penetrate and able to hold up to 1,000 times its weight in water. EndiMoist® products are ECOCERT-compliant, non-GMO, and non-animal derived.

HIGH-PURITY SODIUM HYALURONATE

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
EndiMoist® 4HA	Sodium Hyaluronate Crosspolymer (and) Sodium Hyaluronate (and) Sodium Acetylated Hyaluronate (and) Hydrolyzed Sodium Hyaluronate (and) Pentylene Glycol (and) Ethylhexylglycerin (and) Water	Solution	1 - 10%	1 kg	Skincare, color cosmetics, haircare, sun care
EndiMoist® HA	Sodium Hyaluronate (1,000 kDa to 1,800 kDa)	Solid	0.1 - 0.5%	1 kg	Skincare, color cosmetics, haircare, sun care
EndiMoist® HA Solution	Sodium Hyaluronate	Solution	1.0 - 15%	40 lb pail	Skincare, color cosmetics, haircare, sun care
EndiMoist® HMW	Sodium Hyaluronate (<1,800 kDa)	Solid	0.1 - 0.5%	1 kg	Skincare, color cosmetics, haircare, sun care
EndiMoist® LMW	Sodium Hyaluronate (10 kDa to 1,000 kDa)	Solid	0.1 - 0.5%	1 kg	Skincare, color cosmetics, haircare, sun care
EndiMoist® LMW 20-40	Sodium Hyaluronate (200 kDa to 400 kDa)	Solid	0.1 - 0.5%	1 kg	Skincare, color cosmetics, haircare, sun care
EndiMoist® MHA	Hydrolyzed Sodium Hyaluronate (<10 kDa)	Solid	0.1 - 0.5%	1 kg	Skincare, color cosmetics, haircare, sun care

EndiMoist® 3OS is a mixture of three different molecular weights of sodium hyaluronate dispersed in botanic oils via a unique microsphere technology.

OIL SOLUBLE SODIUM HYALURONATE

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
EndiMoist® 3OS	Sodium Hyaluronate (and) Hydrolyzed Sodium Hyaluronate (and) Ricinus Communis (Castor) Seed Oil (and) Hydrogenated Castor Oil (<10 kDa)	Ointment	1 - 2%	1 kg	Skincare, color cosmetics, haircare, sun care
EndiMoist® OS	Sodium Hyaluronate (and) Ricinus Communis (Castor) Seed Oil (and) Hydrogenated Castor Oil (<10 kDa)	Ointment	0.1 - 2%	1 kg	Skincare, color cosmetics, haircare, sun care
EndiMoist® OSLA	Hydrolyzed Sodium Hyaluronate (and) Limnanthes Alba (Meadowfoam) Seed Oil (and) Glyceryl Behenate (<10 kDa)	Ointment	0.1 - 2%	1 kg	Skincare, color cosmetics, haircare, sun care

◆ ENDICARE® C

Endicare® C is a high-purity grade of sodium ascorbyl phosphate, which is a stable Vitamin C derivative for use in a variety of skincare products. Its anti-oxidant, anti-inflammatory, and collagen-building activity promotes and protects healthy skin, making Endicare® C an essential ingredient in anti-aging formulations.

SODIUM ASCORBYL PHOSPHATE

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Endicare® C	Sodium Ascorbyl Phosphate	Powder	0.3 - 10%	1 kg	Anti-aging, skincare, skin tone brightening, sun care, color cosmetics, creams, and lotions

Endicare® C stimulates collagen synthesis, protects from UV damage, and provides anti-oxidant activity.

♦ NOVACHEM S. R. L.

Novachem S. R. L. researches, develops, and markets natural and biotechnological active ingredients for the cosmetic industry, with sustainable ingredients from Argentina, using technologies and practices with a positive impact on the planet.

SKINCARE

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Bluescreen™	Water (and) Glycerin (and) Alcohol (and) Sodium PCA (and) Plantago Lanceolata Leaf Extract (and) Fabiana Imbricata Leaf/Stem Extract (and) Verbascum Thapsus Extract (and) Achyrocline Satureiodes Flower Extract	Solution	1 - 5%	5 kg	Fights digital and environmental pollution (blue light protection), prevents photo-aging, increases dermal density, decreases TEWL, antioxidant activity
Hydraskin™	Saccharomyces Lysate Filtrate	Solution	1 - 5%	5 kg	COSMOS- and ECOCERT-approved, postbiotic, osmoprotective, rich in GABA and proline from Malbec grapes, protects the skin against osmotic stress, restores water levels in the skin instantly and maintains long-term hydration
Lactobio™	Inulin (and) Hydrolyzed Yogurt Protein	Solution	1 - 5%	5 kg	Prebiotic, stimulates the growth of beneficial microbial flora, such as Staphylococcus epidermidis and Micrococcus roseus, microbiome balancing, skin barrier protection
Lumiglow™	Water (and) Glycerin (and) Aristotelia Chilensis Fruit Extract	Solution	1 - 5%	20 kg	COSMOS- and ECOCERT-approved, rich in delphinidins and ellagic acid from the Maqui fruit, high antioxidant activity, helps prevent and reduce hyperpigmentation, evens skin tone and natural luminosity, helps reduce redness and irritation

LumiGlow is based off the Maqui berry, helping to prevent and reduce hyperpigmentation. It is high in delphinidins and ellagic acid, which neutralizes free radicals and decreases tyrosinase.

SKINCARE — CONTINUED

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Novascrub™ Rice	Oryza Sativa Powder (and) Actinidia Chinensis Fruit Extract	Solid	1 - 10%	20 kg	Rice microparticles impregnated with kiwi, exfoliant with dual action, 100% natural, biodegradable and GMO-free, particle size of 200 to 1100 µm, deep cleans, removes impurities, helps correct imperfections
Zinc Sebum™	Zinc Chloride (and) Hydrolyzed Wheat Protein (and) Cinnamomum Zeylanicum Bark Extract (and) Thymus Vulgaris Extract (and) Malva Sylvestris Flower/Leaf/Stem Extract (and) Hamamelis Virginiana Leaf Extract	Solution	1 - 5%	5 kg	Contains zinc peptides, cinnamon, thyme, mallow and witch hazel with astringent and sebonizing action, ideal for acne-prone and oily skin, effective against P.acne bacteria, provides hydration, and anti-irritation

HAIR AND SCALP CARE

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
CapilAcid™	Water (and) Glycerin (and) Aristotelia Chilensis Fruit Extract	Solution	1 - 5%	5 kg	COSMOS- and ECOCERT-approved, rich in anthocyanins from the Maqui fruit, protects the lipids of the F-Layer of the hair fiber, helps maintain hydrophobicity, low porosity, and hydration, prevents lipid peroxidation, and keratin oxidation
Capilmax™	Water (and) Propylene Glycol (and) Alcohol (and) Sodium PCA (and) Sodium Lactate (and) Arginine (and) Aspartic Acid (and) PCA (and) Glycine (and) Alanine (and) Serine (and) Valine (and) Proline (and) Threonine (and) Isoleucine (and) Histidine (and) Phenylalanine (and) Medicago Sativa Extract (and) Humulus Lupulus Extract (and) Rosmarinus Officinalis Extract (and) Melilotus Officinalis Extract	Solution	1 - 5%	5 kg	Contains 11 amino acids, stimulates the action of the hair bulb, revitalizes the hair from the root, strengthens hair structure, increases thickness and volume to help prevent hair loss
Extracell™ Plex	Saccharomyces Lysate	Solution	1 - 5%	5 kg	COSMOS- and ECOCERT-approved, Malbec grape ferment rebuilds, restores, and protects the hair architecture, replaces keratin-associated proteins (KAPs), provides extra protection
Peptizinc™	Zinc Chloride (and) Hydrolyzed Wheat Protein (and) Cinnamomum Zeylanicum Bark Extract (and) Thymus Vulgaris (Thyme) Extract (and) Brassica Oleracea Acephala Extract (and) Spinacia Oleracea (Spinach) Leaf Extract (and) Malva Sylvestris (Mallow) Flower/Leaf/Stem Extract (and) Hamamelis Virginiana (Witch Hazel) Leaf Extract	Solution	1 - 5%	5 kg	Contains zinc peptides and six plants, including super foods, that work synergistically to reduce the factors that increase hair oiliness and dandruff production
Phytoscreen™ Patagonia	Water (and) Glycerin (and) Alcohol (and) Sodium PCA (and) Arginine (and) Achyrocline Satureioides Flower Extract (and) Verbascum Thapsus Extract (and) Fabiana Imbricata Leaf/Stem Extract (and) Achillea Millefolium Extract	Solution	1 - 5%	5 kg	Composed of yarrow, Indian tobacco, Palo pichi, and macela enriched with Arginine-PCA, provides dual photoprotective barrier (UVB+UVA), antioxidant capacity, protects the cuticle and prevents color washing in dyed hair

♦ ASTADERM™

Astaderm™ is a natural, multi-functional, skin active ingredient that protects and improves the appearance of skin. It is a purified polysaccharide derived from the red microalgae (*Porphyridium cruentum*) using a natural process free of harmful chemicals, additives, and solvents. Astaderm™ benefits both surface skin and deep skin layers, helping to reduce skin roughness and the length and depth of fine lines. It is available in a liquid format.

RED MICROALGAE

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
Astaderm™ AG	Porphyridium Polysaccharide	Solution	1 - 5%	1 kg	Anti-aging, anti-inflammatory, treatment gels, serums, creams, cleansers, masks, acne products, lip balms and suncare

Astaderm™ AG acts as a cellular shield, maintaining skin barrier function and hydration, while inhibiting activity of skin-degrading enzymes: hyaluronidase, elastase, and collagenase.

◆ JD HYDRO BOOST

JD Hydro Boost is a natural, biome-friendly polysaccharide for anti-aging active beauty from Jojoba Desert (A.C.S.) Ltd. It is an innovative, edible fiber sourced from sugar cane consisting of 80 percent low molecular weight (average 700 Da) oligosaccharides, and 20 percent high molecular weight (average 1000 kDa) polysaccharides. It provides a deep moisturization effect, aiding in the rejuvenation of skin cells and reduction of wrinkles.

80% OLIGOSACCHARIDE AND 20% POLYSACCHARIDE

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
JD Hydro Boost	Aqua (and) Levan (and) Glucose (and) Fructose (and) Sucrose (and) Sodium Citrate (and) Potassium Citrate (and) Citric Acid	Solution	1.60%	25 kg	Anti-aging, anti-wrinkle, stimulates type I collagen, film-forming effect for smoother skin appearance, deeply moisturizes
JD Hydro Boost Dry	Levan (and) Glucose (and) Fructose (and) Sucrose (and) Sodium Citrate (and) Potassium Citrate (and) Citric Acid	Powder	1.00%	1 kg	Anti-aging, anti-wrinkle, stimulates type I collagen, film-forming effect for smoother skin appearance, deeply moisturizes
JD Hydro Boost PS	Aqua (and) Levan (and) Glucose (and) Fructose (and) Sucrose (and) Sodium Citrate (and) Potassium Citrate (and) Citric Acid (and) Potassium Sorbate	Solution	1.60%	5 kg	Anti-aging, anti-wrinkle, stimulates type I collagen, film-forming effect for smoother skin appearance, deeply moisturizes

JD Hydro Boost promotes type I collagen, reduces the appearance of wrinkles, provides film-forming for smoother looking skin, and deeply moisturizes.

♦ NATURLINE

NaturLine offers multi-functional ingredients for skincare, bodycare, and haircare applications. This product line includes natural solutions for anti-aging, sensitive skin, skin barrier protection, and healthy hair and scalp.

NATURLINE PRODUCTS

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
NaturAqua	Water (and) Saccharide Isomerate (and) Citric Acid (and) Sodium Citrate	Viscous Solution	Skin: 1 - 5% Hair: 0.2% (shampoo) Hair: 0.5% (conditioner/treatment)	5 kg	Deep, long-lasting hydration for skin and scalp
NaturBody	Water (and) Isomerized Linoleic Acid (and) Lecithin (and) Glycerin (and) Polysorbate 80 Additives: Benzyl Alcohol (and) Glyceryl Caprylate (and) Benzoic Acid (and) Propanediol	Viscous Solution	Skin: 1 - 3%	1 kg	Anti-aging for body and skincare; provides a smoothing effect

NaturOxygen is a mixture of cell-stimulating actives, including amino acids, from a yeast-derived extract. NaturOxygen enhances oxygen uptake, cell viability, and turnover.

NATURLINE PRODUCTS — CONTINUED

TRADE NAME	INCI	FORM	USE LEVEL	MOQ	APPLICATION
NaturBoost	Water (and) Glycerin (and) Hydrolyzed Rice Protein (and) Glycine Soja (Soybean) Protein (and) Superoxide Dismutase (and) Sodium Dextran Sulfate Additives: Phenoxyethanol (and) Sodium Benzoate (and) Potassium Sorbate	Aqueous Solution	Skin: 2 - 5%	1 kg	Anti-aging, helps to reduce dark circles and puffy eyes
NaturCol	Water (and) Soluble Collagen (and) Citric Acid Additives: Sodium Benzoate	Viscous Solution	Skin: 1 - 5%	5 kg	Anti-aging, hydrating, skin protecting with marine collagen
NaturColProtect	Water (and) Hydrolyzed Rice Protein (and) Glycerin Additives: Phenoxyethanol (and) Sodium Benzoate	Solution	Skin: 2 - 5%	5 kg	Skin protection against MMP-induced premature aging
NaturElast	Water (and) Hydrolyzed Elastin (and) Thylhexylglycerin Additives: Phenoxyethanol	Clear Solution	Skin: 1 - 5%	5 kg	Anti-aging for skin, body, and hair; hydrating, protective film; smoothing properties
NaturFilm	Water (and) Ceratonia Siliqua Gum (and) Citric Acid (and) Ethylhexylglycerin Additives: Phenoxyethanol	Viscous Solution	Skin: 1 - 5%	5 kg	Anti-aging, plant-derived hyaluronic acid, skin protecting, hydrating, smoothing
NaturFirm	Water (and) Pullulan (and) Nannochloropsis Oculata Extract Additives: Phenoxyethanol (and) Potassium Sorbate (and) Sodium Benzoate	Viscous Solution	Skin: 1 - 5%	1 kg	Instantly perceivable skin tightening and firming effect for face with long-term results
NaturOxygen	Water (and) Glycerin (and) Saccharomyces Lysate (and) Disodium Succinate (and) Ethylhexylglycerin (and) Glutamic Acid (and) Glycine (and) Threonine Additives: Phenoxyethanol	Aqueous Solution	Skin: 1 - 5%	5 kg	Anti-aging, enhances oxygen uptake, stimulates cell viability and turnover
NaturOx-Protect	Water (and) Glycerin (and) Glycine Soja (Soybean) Protein (and) Superoxide Dismutase (and) Sodium Dextran Sulfate (and) Ethylhexylglycerin Additives: Phenoxyethanol (and) Sodium Benzoate (and) Potassium Sorbate	Opalescent Solution	Skin: 3 - 6%	5 kg	Anti-aging, multi-protection, neutralizes free radicals
NaturSensitive	Butyrospermum Parkii (Shea) Butter (and) Argania Spinosa Kernel Oil (and) Hordeum Vulgare Cera (and) Tocopherol	Lipidic Mass	Skin: 2 - 5%	5 kg	Face, body, scalp, for sensitive and atopic skin, reduces the symptoms of itchy and irritated skin, provides soothing relief
NaturSerin	Water (and) Hydrolyzed Sericin (and) Ethylhexylglycerin Additives: Phenoxyethanol	Opalescent Solution	Hair/Skin: 2 - 5%	5 kg	Anti-aging for hair and skin, nourishing, hydrating, protecting film-former

ANTI-AGING
